The Planning Board, following two public hearings, one January 31, 1968 and one February 21, 1968, presents the following changes to the Zoning Ordinance.

40. Amend Section 1, Subsection 5 to classify the entire length of Eaton Road as residential by striking out said Subsection and substituting therefor the following:

5. Change the name of the "back road from Swanzey Center to West Swanzey" to the "Eaton Road" and classify the same as residential from the residential zone at the Swanzey Center end of said Eaton Road to the residential zone at the West Swanzey end of said road. Said residential zone to extend back 1000' from the centerline of said Eaton Road on both sides.

41. Amend Section 5, Subsection 3 as adopted March 12, 1963, by striking out the word "fifteen thousand (15,000) square feet" and substituting the words "one acre," so that the first sentence of said subsection shall read: "No dwelling house shall be erected upon a lot unless the lot has an area of at least one acre and a frontage at least 125 feet, provided however, that a single dwelling house may be erected on an existing lot of record, which has an area of at least eight thousand (8,000) square feet and a frontage of at least eighty (80) feet.

42. Amend Section 4, by adding a new Subsection 4 as follows:

4. Not more than one public dumping facility as defined by RSA 147:24 shall be maintained within the limits of the Town at any one time.

43. Change from General District Highway to Residence District that portion of the Matthews Road between the Keene-Swanzey Town Line and the northern-most railroad crossing.

Said Residence District to extend 1000 feet back from the center line of said highway on both sides.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and 68.

MT. CAESAR UNION LIBRARY

Librarian's Report

This past year the library trustees have made some decisions which should have a far-reaching effect on the future service the library will be able to provide the community. A goal to be reached in the next three to five years is the moving of the library down to the first floor and the antiquarian up to the second with the aim of providing better library service while preserving the historical heritage of the town. Careful planning for the new facilities, an accurate estimation of the cost, and ways and means of obtaining the necessary funds will require much study to accomplish this change. The decision to increase the hours open was also made; additional hours started November 27th, 1967. The library is now open in the afternoon and evening of each Monday, Tuesday, and Thursday, except for holidays, from 2:30 to 4:30 and 6:30 to 9:00. In order to comply with minimum standards suggested by the State Library System of which the library is a part and by means of a town appropriation, bathroom facilities have been installed.

A circulating record collection has been started through the generosity of the Colombia Record Company and friends of the library, and the records may be borrowed on the same basis as books. In 1967, 9977 books and 668 magazines circulated, and 4817 books were borrowed from the State Library's District Bookmobile. Books are also taken to the Carpenter Home on a regular basis, and if necessary, to shut-ins of the town. The grade and high school students are increasing their use of the library's materials and services for reports, special projects, etc. Through regular purchase, memorial and other gifts, a total of 459 books have been added to the collection. Most of the new books were made possible through the Safford Memorial Fund given by family and friends in memory of Mrs. Annie Safford.

With funds given by the family and friends of Mr. Edgar Small and also raised by the Ways and Means Committee, a

new card catalog was purchased. All new books are classified and cataloged as they arrive, and the older collection is being processed as time permits.

The aim of the library is to provide as wide a selection of materials and services as possible to the residents of Swanzev, teachers and students of the school district.

Respectfully submitted,

RUTH PALM,

Librarian

REPORT OF ASHUELOT VALLEY REGIONAL PLANNING COMMISSION

The Ashuelot Valley Regional Planning Commission has submitted a detailed feasibility report on the possibility of joint sewage disposal for all or some of the municipalities of Keene, Marlboro, Swanzey and Troy. The report was prepared by the firm of Camp, Dresser & McKee, Consulting Engineers of Boston, and contained the following conclusions and recommendations relative to the Town of Swanzey:

Conclusions

1. The State of New Hampshire has recently classified the Ashuelot River and its tributaries in the vicinity of Keene as Class B waters. The new stream standards are such as to require a higher degree of treatment than screening, plain sedimentation and chlorination.

2. The Homestead Woolen Mill in West Swanzey is discharging raw sewage and untreated industrial wastes to the Ashuelot River and must provide a treatment plan in the near future. Some of the householders in North Swanzey are desirous of having sewers. There are problems with individual cesspools in West Swanzey and, in a few instances, in East Swanzey and Westport, but not in Swanzey Center.

3. The Federal Government provides additional funds for constructing sewage disposal facilities which involve more than one municipality, by raising its share from 50 percent to 55 percent of the total construction cost under these conditions. At the present time, the State of New Hampshire provides 40 percent of the total cost of such facilities under either circumstances, with the result that either 90 or 95 percent of the total cost may be obtained from State and Federal Grants. Thus, the total cost to a town would be reduced by 50 percent if it entered a joint plan for sewage disposal, all things being equal.

4. Treatment facilities constructed by industries are only subsidized to the extent that the facilities may be deducted from earnings as a capital expense and the result may well be finan-

cially disastrous to the industries involved. However, if the facilities are constructed by a municipality, the facilities can be financed in accordance with the conditions set forth in the previous paragraph.

5. The most economical solution to the sewage disposal problems of the members of the Ashuelot Valley Regional Planning Commission would include joint-operation of three sewage treatment plants. The main plant would serve Keene, Marlboro and North Swanzey. West Swanzey and Troy would have individual plants because of the great distances from other population centers.

6. The estimated capital cost to Marlboro of the Recommended Joint Plan IV is \$19,000, which is \$20,000 less than the \$39,000, if Separate Plan I is adopted. A comparison of the estimated capital costs of both plans for all four communities is shown in Table I.

TABLE I. SAVINGS IN ESTIMATED CAPITAL COST FOR
JOINT ACTION WITH REGARD TO
SEWAGE DISPOSAL FACILITIES

Local Share of Estimated Capital Costs			
Name of Municipality	Separate Plan I	Joint Plan IV	Net Savings
Keene	\$833,000	\$326,000	\$507,000
Marlboro	39,000	19,000	20,000
Swanzey	172,000	86,000	86,000
Troy	51,000	26,000	25,000
Totals	<u>\$1,095,000</u>	<u>\$457,000</u>	<u>\$638,000</u>

7. The estimated initial annual operating costs to Marlboro for the Recommended Joint Plan IV will be the same as for Separate Plan I. A comparison of the estimated initial annual operating costs of both plans for all four communities is shown in Table 2.

TABLE 2. SAVINGS IN ESTIMATED INITIAL ANNUAL OPERATING COSTS FOR JOINT ACTION WITH REGARD TO SEWAGE DISPOSAL FACILITIES

Name of Municipality	Separate Plan I	Joint Plan IV	Net Savings
Keene	\$143,200	\$129,500	\$13,700
Marlboro	4,000	4,000	0
Swanzy	19,900	19,900	0
Troy	6,200	6,200	0
Totals	<u>\$173,300</u>	<u>\$159,600</u>	<u>\$13,700</u>

6. Swanzy will save \$86,000 in estimated capital costs under this plan and assuming that it constructs the pumping facilities in North Swanzy and the treatment facilities in West Swanzy, as compared to going on its own, and will do no better under any other plan. Operating costs will not be increased.

7. Operating and maintenance costs will be the same or less for all municipalities if all of the sewage disposal facilities, including pumping stations and trunk sewers, are administered by one organization. The removal of this burden from the shoulders of the local administration cannot be measured in monetary terms.

8. Local sewer systems should be operated and maintained by individual municipalities to control extensions and service locally.

Recommendations

1. Establish a regional commission to supervise the construction and operation of sewage disposal facilities for the municipalities of Keene, Marlboro, Swanzy and Troy.

2. Prepare a preliminary report on sewage for the Town of Swanzy, which will establish the quantity and strength of the sewage and industrial waste which must be treated.

3. Construct a pumping station south of Wilson Pond, to serve a system of sewers in North Swanzy, discharging through a force main and outfall to the new main pumping station and sewage treatment plant.

4. Construct waste stabilization ponds on the banks of the Ashuelot River to serve the Homestead Woolen Mills and a system of sewers in West Swanzy.

Copies of the report may be inspected at the Town Offices.

Report of Forest Fire Warden & District Chief

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M.-5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material-use the ashtray.
